## THE SPECIAL ELECTION EDITION

This Tuesday is a Special Election to replace Torren Ecker as the State Representative for District 193. The Republican endorsed candidate, Catherine Wallen, needs your vote. Actually, everyone in Pennsylvania needs your vote.

Unfortunately, Republicans have a poor track record of losing special elections. Traditionally RED areas have been flipped because Republicans stayed home while Dems didn't.

Let's not let that happen in Cumberland County.

## ELECT CATHERINE WALLEN IN DISTRICT 193

Catherine Wallen is the endorsed Republican candidate for Pennsylvania State Representative in the 193rd Legislative District which covers part of Cumberland County. Catherine worked in Torren Ecker's office, so she understands the position requirements and the needs of the 193rd's constituents.

According to her campaign website, [taxpayersforwallen.com](http://taxpayersforwallen.com), Catherine prioritizes common-sense, conservative principles focused on fiscal responsibility, community safety, and protecting traditional values.

**Fiscal Responsibility** — Cut wasteful spending policies that have increased costs and reduced affordability for families

**Cutting Taxes** — Reduce taxes for hardworking families and seniors on fixed incomes

**Smart Growth** — Support smart economic growth policies while preserving farmland

**Public Safety** — Stand with first responders by providing funding for police officers, firefighters and others to keep communities safe

**Protecting Our Veterans** — Fight to ensure veterans (as part of a proud military family) receive the resources they need

**Conservative Values** — Defend the sanctity of human life and Second Amendment rights

These priorities reflect her background as a lifelong local resident, small family farm owner, and former district director in the same legislative office, aiming to deliver taxpayer-focused leadership.

## HOPEFULLY THE LAST TIME

Just over a week ago, even though I selected to vote by mail permanently, I received my annual reminder to request mail-in ballots for this year's elections. Unfortunately, some voters believe that they only have to request a mail-in ballot once. In fact, you must request the mail in ballot annually.

Like many of you, I saw the mail-in ballot fraud in 2020. Even though I hope the practice is banned nationally, I requested a mail-in ballot in 2024 to understand the process. I was surprised at the level of accountability my ballot received. After submitting my ballot through the USPS, I received notice the following day that it had arrived at the Bureau of Elections.

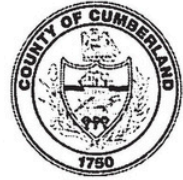

In 2025 and 2026, I received the following reminder notice to request my mail-in ballot, which it did in less than a minute using my phone. Within a week I got an email stating that I was registered to get mail-in ballots.

I mention this because the Fix for 26 team of volunteers is reminding people who are on the "permanent" mail-in ballot list, that they need to request the ballot every year. Later, the CCRC will monitor who requested a mail-in ballot, but hasn't voted yet.

If you want to join us in this battle, please click the link below. In 2025, several races were decided by fewer than 50 votes. It doesn't take a village, you can make all the difference.
